

OPERATOR – NIGHT SHIFT

Fradley

Be part of
something
GREAT
↙

Precision. Engineered. Through our people, products and service.

IMI Precision Engineering is a world leader in motion and fluid control technologies. Wherever precision, speed and engineering reliability are essential; we deliver exceptional solutions which improve the productivity and efficiency of our customers' equipment.

As a business, we aim to UNDERSTAND our customers' challenges. We then CONNECT our products, people and expertise in order to DELIVER exceptional service and solutions. These IMPROVE the performance of our customers' machinery. We call this Engineering GREAT, and we deliver it to customers through a world-class portfolio of high performance products, through close partnerships and problem-solving, and through a global network of support which ensures reliable local delivery, all over the world.

Engineering GREAT is our vision – help us get there.

Job purpose

We are inviting applications for the role of Operator in the High Volume Machining Area..

You will be producing high volume parts with tight tolerances to specified controls.

This work involves operating our Rotary Transfer machines producing components made from brass stampings.

Location

Fradley
