

Global JDE CNC Infrastructure Manager Lakeside

Be part of
something
GREAT
↙

**Precision.
Engineered.
Through our people, products and service.**

IMI Precision Engineering is a world leader in motion and fluid control technologies. Wherever precision, speed and engineering reliability are essential; we deliver exceptional solutions which improve the productivity and efficiency of our customers' equipment.

As a business, we aim to UNDERSTAND our customers' challenges. We then CONNECT our products, people and expertise in order to DELIVER exceptional service and solutions. These IMPROVE the performance of our customers' machinery. We call this Engineering GREAT, and we deliver it to customers through a world-class portfolio of high performance products, through close partnerships and problem-solving, and through a global network of support which ensures reliable local delivery, all over the world.

Engineering GREAT is our vision – help us get there.

Job purpose

This is an exciting opportunity to be part of a technical, customer facing team, delivering and supporting end user technology at Precision HQ in Lakeside.

You will be required to :

- Plan, Deliver & Administer JD Edwards's infrastructure.
- Maintain agreed service levels of all system and applications administered by the Global JDE CNC Team.
- Manage effectively the day-to-day tasks of the JD Edwards CNC team.
- Document and communicate the JD Edwards release strategy.
- Participate with IT system auditing and accountability.
- Manage archiving of production JDE data
- Implement and administer JDE security
- Ensure JD Edwards meets DR & BCP Requirements

Location

Lakeside
