### ***IMI Precision and UKCA (UK Conformity Assessed)***

IMI Precision Engineering (PE) is aware of its responsibility to meet the Government of the United Kingdom's new requirements on product conformity.

We are working to ensure that all products sold into the UK are appropriately certified with the UK Conformity Assessed (UKCA) mark and declarations of conformity within the required timescales.

Our commitment benefits our customers. We make every effort to fulfil the above stated UK Government requirements. If you own equipment, systems or machines fitted with products from IMI Precision that are subject to the requirements mentioned above, then IMI Precision, working in close partnership with our suppliers, can support you worldwide with obtaining the necessary information.

Please contact your local sales representatives if you require further information.
