

EU declaration of conformity

to (gas appliances) regulation (EU) 2016/426

We hereby declare under our sole responsibility that the

- valves of the series: 8209xxx and 8258xxx and the additional models and special designs 849XXXX / 859XXXX derived from these

to which this declaration relates are in conformity with regulation (EU) 2016/426 and have been subjected to the following procedure for assessing conformity:

- Type examination (Module B)
- Internal production control (Module C2)

Harmonised standards applied

- EN 161 – Automatic shut-off valves for gas burners and gas appliances
- EN 13611 – Safety and control devices for burners and appliances burning gaseous and/or liquid fuels – General requirements
- EN 16678 – Safety and control devices for gas burners and gas burning appliances – Automatic shut-off valves for operating pressure of above 500 kPa up to and including 6300 kPa

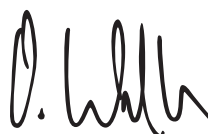

Other applicable directives and standards

- 2014/30/EU – Electromagnetic compatibility
- 2014/35/EU – Low voltage directive
- 2014/68/EU – Pressure Equipment Directive
 - EN 19 – Industrial valves – Marking of metallic valves
 - EN 12516-3 – Valves – Shell design strength – Part 3: Experimental method

Note

This declaration of conformity becomes valid upon the entry into force of the EU regulation (EU) 2016/426 as of 21 April 2018.

Monitoring is carried out by the notified body with identification number 0085 (DVGW Cert GmbH). The shut-off valves' application limits can be found on their type plates and in the related operating instructions.
